

School Boundary Review

On September 28, 2011, the Halifax Regional School Board approved a motion directing staff to complete a boundary review for Bedford South, Basinview Drive Community, Sunnyside Elementary, Kingswood Elementary, Madeline Symonds Middle, and Bedford Junior High schools. As part of this process, the Halifax Regional School Board has formed a Boundary Review Committee to establish the enrolment boundaries for these schools.

In accordance with Policy B.003, the Boundary Review Committee has expanded the scope of its review to include Hammonds Plains Consolidated Elementary School. The Superintendent has requested the principal or designate and one member from The Hammonds Plains School Advisory Council to join the Boundary Review Committee.

The Boundary Review Committee will announce a public meeting at a future time and place to present an interim report and to receive input on the boundary proposal. The boundary review process will be completed prior to February 2012.

Questions regarding the boundary review should be directed to the Halifax Regional School Board at 464-2000 ext. 2277.
